ETHRIDGE MARTIN, Sachem.

(Advertisement.)

ATTENTION K. P.

All members and visiting brothers of K. P. are requested to attend lodge Thursday, January 6, work in 3 degree and installing officers. Refreshments served.—Advertisement. 341

KILLED IN MINE.

Thomas Matthews, well known in Bisbee, was killed in a mine accident, Jan. 3, in Poshe, Nevada. The remains will be brought for interment to Bisbee, where a father, Dick Matthews and a brother, John Matthews, survive. Matthews had many friends in Bisbee and was highly respected and popular.

CUNNINGHAM RECOVERS.

The recovery of Charles Cunningham, popular proprietor of the Philadelphia, is the source of much gratification to his many friends. Cunningham was able to be about the business district yesterday, after a several day's confinement to his apartments by an attack of the grippe.

FOUND A SURE THING

I. B. Wixon, Farmers Mills, N. Y., has used Chamberlain's Tablets for years for disorders of the stomach and liver and says, "Chamberlain's Tablets are the best I have ever used." Obtainable everywhere.
(Advertisement.)

BOWEN & HUBBARD AMBULANCE.

The firm of Bowen & Hubbard yesterday received a studebaker auto ambulance for its local service. The ambulance is of the finest and most modern type and is a splendid vehicle, both from the standpoint of practical use and attractiveness in design. It is painted in a tasteful shade, bearing in gold letters the name, "Bowen & Hubbard".

RICE AND CAMPBELL RETURN.

Joe Rice, genial salesman for the Hercules Powder Co. and one of the best known traveling men of the Southwest, and Jerry Campbell, the popular attaché of the Copper Queen Hotel, have returned from a motor trip to Tombstone and Gleason, where Rice visited the trade and Campbell renewed numerous old friendships.

THE HABIT OF TAKING COLD

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90° F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.
(Advertisement.)

NIGHT SCHOOL RESUMES.

Activities at the Night School have been resumed under the direction of the principal, R. E. Fortney. New classes have been established in Spanish, typewriting and shorthand. Hours of the school are, school day evenings 7 to 9; afternoons 1 to 3:15. Principal Fortney announces that the United States government will send a course of study in civics, the same being adaptable to foreigners seeking their second citizenship papers.

BAD HABITS

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

SURPRISE PARTY IS JOYFUL WELCOME TO ENTRANCE OF 1916

Jolly New Year's Assembly Honoring Mrs. Eleanor Kinney; Feast and Festivities at Her Home.

As a climax to an evening of fun and revelry featuring the New Year's Eve celebration, a number of friends of Mrs. Eleanor Kinney met at her home on Naco Road and tendered her a delightful surprise party. A most enjoyable quail supper was served and the occasion was one of the jolliest informal parties of the New Year.

The home previously had been decorated with holly and mistletoe arranged in artistic profusion for the Christmas and New Year's holidays and the environment for the happy affair was extremely pleasing. Until a late hour the merry making of the guests continued.

A Christmas tree hung with many noise-creating devices and pretty novelties was the center of attraction and accorded a great deal of noisy merriment. Immediately following the supper the guests, twelve in number, left for a ten mile auto ride to Sulphur Springs valley where they assembled at the home of one of the guests, where coffee and cake were served by R. Christianson who proved himself an ideal, bachelor host. Indeed, he appeared as one who welcomed the Leap Year with a smile and the guests were invited to pose for a flashlight picture of "A Lone Bachelor's Life. Where Love Never Grows Cold."

Those enjoying the evening were the Misses Alvina Nealson, Mrs. A. G. Madearis, Mrs. Eleanor Kinney, Mr. and Mrs. C. Clinton, Mr. and Mrs. L. F. Kinney and daughter and the Messrs. Frank McDonald, C. A. Downard, R. T. Edmunds, Ed Woods, R. Christianson and Frye.

SACRAMENTO COUNTY IN VARIOUS PHASES OF ITS ACTIVITIES

Film Production at Orpheum Today, Promises Exceptional Interest; Pictures Secured by Harris & Crane.

An interesting film production, this afternoon and evening at the Orpheum, will be a series of pictures depicting scenes of agricultural and industrial activities in Sacramento county, California. Governor Johnson and other prominent leaders in California and Sacramento county will be shown and scenes of general interest.

The various steps in the growing of asparagus and its preparation for the market will be shown in all stages, from the time of planting to the last work of completing the shipments to the wholesale and retail markets. Picking, sorting, grading and packing or oranges for shipment to all parts of the globe also will be depicted. In fact, the general industrial and agricultural life of Sacramento county will be shown in a vividly instructive manner.

This series of pictures has been secured by Harris & Crane, the newly organized firm dealing in California lands. The pictures are the same as shown at the San Francisco Exposition and have been secured at great trouble and expense. They will be of great interest to all.

PART OF LOAF OR NONE FOR SHERIFF

(Continued from Page 1)
ficient gravity to deserve such a severe treatment and the result would be acquittal.

The inference to be taken from the sheriff's statement, in other words, is that the people of the county would perjure themselves, in a majority of cases, before they would testify against bootleggers. The county, or a sufficient proportion of the opinion in the county, is not solid enough to enforce, vigorously, the amendment.

On the other side of the question the sheriff stated that he was of the opinion that prohibition was responsible for the reduction of the estate, in the maintenance of his office, a matter of \$7,000, in the year 1915. This has come about through the reduction of the number of deputies, a reduction in the number of felons committed and also in the number of extraditions which had to be made from other states.

"If the other officers of the county," continued Wheeler, "could show a corresponding reduction in the amount of expense the elimination of the license fund and taxes, heretofore derived from the liquor traffic, would

LOCAL MINE EXPERTS FAVOR EXPERIMENT STATION IN TUCSON

Dr. Ricketts and J. C. Greenway Endorse Plan for Federal Station in Arizona — Site Near State University.

Replies from Capt. J. C. Greenway and Dr. D. Ricketts have been received by the Commercial Club to their letters asking for advice and cooperation in securing for Arizona a mine experiment station under the U. S. Bureau of Mines. Both replies came with the opening of the new year, both having been written on the first day of 1916.

Dr. Ricketts writes that although not thoroughly posted as to what the functions of such a station would be, he presumes it would undertake investigations of processes, studies pertaining to safety of employees, questions of mine ventilations and other investigations tending toward conservation of resources and for the good of the industry. As such he would heartily favor the project and he commends the Commercial Club in seeking for the establishment at some point in the state of such a station.

In answer to the question as to a desirable location, Dr. Ricketts favors Tucson, as have a large majority of the directors of the Commercial Club. He considers that there it would have an important educational function and that the students at the University would unquestionably be benefited by it.

He offers no suggestion as to efforts to be employed to secure such a station other than those already taken by the club and such as are being undertaken by other similar organizations.

Capt. Greenway believes the establishment of a mine experiment station in this state by the Bureau of Mines to be highly desirable. The chief arguments to be advanced, he states, are along the line of Arizona being the most important mineral producing state of the union and its known undeveloped resources of minerals as well as its highly developed resources in some sections.

Captain Greenway is also favorable to Tucson for a location because of its convenient location to important developed mining districts and of the situation of the state university in the Pima county city.

Copies of Senator Ashurst's bill for the purchase of a federal building site for Bisbee and appropriating the sum of \$35,000 were yesterday received at the office of the Commercial Club. They were accompanied by no letter being sent in accordance with the statement containing in his former letter that he would forward them as soon as they were obtainable. It is brief, paragraph 1 containing the enactment clause and the provision for the appropriation, and paragraph 2 making the sum available.

The fact that this bill is numbered 1046 although introduced on December 7, shows the volume of business that was presented to the senate immediately upon its organization for the present session. The bill was, it states, read twice and referred to the committee on public buildings and grounds.

ATTORNEY THROUGH.

J. T. Kingsbury, prominent Tombstone attorney, passed through Bisbee yesterday on his way to Douglas. He made the trip with Sheriff Harry C. Wheeler.

GOES TO AJO.

Larry Strouder, since last summer an employee of the C. & A. company at the Cole shaft in South Bisbee, left last evening for Ajo where he will enter the employ of the New Cornelia Copper company. During his residence in the District Strouder has made many friends, who regret to see him change his home.

FROM TUCSON.

C. E. Winstander, manager of the Tucson branch of the John F. Barker Produce company, was a business visitor in Bisbee yesterday. The Tucsonian declares that the produce business in Southern Arizona has increased very materially during the past few months.

TO DOUGLAS.

B. L. Smith, manager for the Buxton-Smith company, motored to Douglas yesterday on business connected with the well known local produce firm.
